TSB TOPEC
TARANAKI OUTDOOR PURSUITS & EDUCATION CENTRE

Adventure Bites activities are about giving you a chance to explore outdoor adventures within the safety of an outdoor centre and its qualified instructors. You will learn how to keep yourself and others safe in the bush, through the trees, up a wall, or on a river.

Emphasis is on safe fun, drawing out your inner adventurous spirit while respecting the majesty of the Taranaki environment. All TSB TOPEC staff are highly trained, passionate Instructors chomping to tempt you with snippets of the Taranaki outdoor lifestyle.

Adventure Bites have been developed so you can experience your chosen Taranaki environment by being guided through a logical learning progression. This progression builds a quick knowledge base, then applies the knowledge gained to safely take on your personal challenge.

Half and Full-day options are available, and activities can be selected as independent pursuits or in stimulating combinations of your own choice of inspiration. We work with you in the lead up to your stay, share stories and give you an experience to sink your teeth into and delve into your adrenaline. Tempt yourself with TSB TOPEC *Adventure Bites*.
